## Drop Plan To Enlarge School Site

**CHURCH SITE NOT REQUIRED; ARCHITECT'S PLANS APPROVED**

Preliminary plans for the new school building to be erected in Matsqui village were submitted by Architect Cullerne and found satisfactory at the monthly meeting of the Advisory Board of the M-S-A Educational Area held on Friday night. Inspector Towell roughly estimated the cost of the building, being erected to replace the Superior school destroyed by fire on Feb. 23, at \$10,000 but pointed out it was difficult to make more than a rough approximation in these days of rapidly changing prices.

Inspector Towell and Mr. Beaton reported on the negotiations with Mrs. M. Hougén, authorized at the last meeting of the Board, regarding possible purchase of the old church site adjoining the elementary school as a site for the new building. They said that the proposal to remove the church building to another site owned by Mrs. Hougén had been abandoned as impractical. Mrs. Hougén had then offered to sell land and building for \$500 but, after considerable discussion, the meeting decided the final cost of the site would be too high in view of the fact that the land was not actually required. Subject to acceptance by Mrs. Hougén of a counter offer of \$250, the board approved of abandoning the project.

### REPLACE TRUCK

Action of the Director in taking advantage of an opportunity to replace the panel delivery of service truck was approved. Mr. Towell explained that the present 1934 truck was on the small side as well as having done considerable mileage while it was getting difficult to obtain suitable replacement. He had obtained a larger and more suitable truck on a satisfactory trade-in basis making the net cost \$525.

It was also reported by the Director that the Superintendent of Education had agreed to approve of a four-year contract when advised that Mr. Sandberg might be willing to trade in his present 50-passenger bus on a modern 55-passenger bus provided the investment was protected by a longer contract than he is now operating under.

## Convenors for May Day Fete Are Appointed

**TWO BANDS SECURED FOR MAY DAY; OTHER DETAILS ANNOUNCED**

Convenors were appointed and further arrangements made for staging of the 29th annual May Day celebration in Abbotsford on Saturday, May 24, at a meeting of the Loyal True Blue Lodge in the Orange Hall on Monday night. The festival, it was stated, is the oldest in the Fraser Valley outside of New Westminster's historic event which will be attended Friday by the M-S-A "royal party."

It was announced that attendants for the 1941 ceremony had been chosen as follows: Lorna Payne, 6, grade 1; Marian Lucas, 7, grade 1; and Ernie Straiton, grade 3, all of Upper Sumas school.

Convenors named are: General convenor, Mrs. B. McDonald; Mrs. W. Roberts, coronation and platform; Mr. McLean, parade marshal; Mrs. A. W. Webb, hot dog stand; Mrs. Harry Thomas, ice cream booth; Mrs. Waterston, queen's banquet.

Royal City Junior Band and a band from Sumas, Wn., will be in attendance, there will be a P.A. system on the grounds and the sports will be held as usual at 10 a.m. with the parade at 1 p.m. Coronation will be at 1:30 p.m. Attractions will include a merry-go-round, concessions and games. The big dance will be held in the Whatcom Road Hall at night.

It was stated good prizes are being offered for decorated cars, floats and bicycles entered in the parade.

Stocks of creamery butter at nine principal Canadian cities totalled 5,088,975 pounds at May 1, compared with 5,901,618 at May 1 last year.

## TO MAKE THE SICK WELL

### M-S-A HOSPITAL Abbotsford

You and your friends are cordially invited to visit this hospital on

MAY TWELFTH

which has been designated as

NATIONAL HOSPITAL DAY throughout Canada and the U.S.A.

Afternoon Tea will be served by members of the Abbotsford and Matsqui Women's Auxiliaries to the hospital.

This group of photographs provides an exterior and interior view of the Matsqui-Sumas-Abbotsford General Hospital, a 16-bed institution that ranks high among similar institutions in British Columbia for service, efficiency and administration. The above view from McCallum road, recently paved from the hospital to highway through co-operation of the three municipalities, illustrates the attractive cottage-style building and its decorative, evergreen-studded grounds. Visitors to the hospital on Monday will find that many improvements have been made during the past year. The two new rooms recently completed are at the south end of the hospital, left of picture, and have been furnished at a cost of \$350 each with financial assistance from M-S-A Branch of the Canadian Legion and Abbotsford Lodge, A.F. & A.M.

Public wards in the M-S-A Hospital are similar to semi-private wards in larger institutions as they have only three beds as illustrated in the top left picture. All the beds are of the modern type dark-colored centre bed in this view, beds like that in the foreground having been lately replaced. It will be noticed also how each bed can be curtained off from others.

Centre right is a view of the operating room, showing the instrument case at the left and through the doorway in the background can be seen the Wilmot-Castle auto-clave sterilizer for dressings, instruments and utensils. It is one of the finest available and cost about \$850. Not shown is the case room equipped with the most modern type of bed and air-cushioned mattress.

The nurses' sitting room, situated off the staff dining room is shown in the picture at the lower right. In recognition of the interest shown by the nurses in their work and the hospital, the Women's Auxiliaries provided the mantel radio, seen on the stand at the right of the picture, for their entertainment when off duty.

The hospital has been partly redecorated in recent months, the grounds further improved and new additions are being made to the equipment as rapidly as possible. One of the latest instruments secured is a new type of light to assist the doctor in performing throat operations. Reflector of \$250 operating room light has also been rechromed.

—Best Photos.

An amazingly economical stove has been installed in the kitchen, left, centre view, with the assistance of the Abbotsford and Matsqui Women's Auxiliaries. Of English design it burns only three tons of coal a year yet operates 24 hours a day heating four cooking ovens. A new monometal sink, out of sight in the picture, has been provided by the Matsqui Auxiliary along with the monometal working tops shown. The large-capacity refrigerator in the background permits economical, quantity purchase of foodstuffs. Its silent electrical freezing unit is situated in the basement.

## School Music Festival Dates May 14 and 15

NEARLY 1200 ENTRIES WHEN HELD IN M-S-A CENTRE LAST YEAR

Final arrangements have been made regarding the annual Musical Festival founded in the M-S-A Area and held in Abbotsford for several years. Mission high school auditorium will be the centre and Wednesday and Thursday, May 14 and 15 the dates of the event. The adjudicators will be Mr. Rhynd Jamieson, "R.J.", music critic of the Vancouver Daily Province, and Miss Cleopatra Watkins, folk-dancing instructress of teacher-training classes in Vancouver.

### NEW CLASSES

With more variety in the classes this year, the programs should prove to be even more enjoyable than formerly. On Wednesday the school choir classes from Grades 1 to 8 will be heard. A new class is one for boys' choirs which will be heard in the afternoon. Also included in the afternoon program are a piano and two violin classes.

### EVENING CONCERTS

Thursday morning's session is given over entirely to folk-dancing. Thursday afternoon will see a large number of solo classes with one new class, that for a girls' duet under 14 years.

Another new feature about this year's festival is the holding of evening concerts. There will be one on each of the evenings. Wednesday evening features adult solo classes as well as senior high school choirs. Thursday evening's program includes the senior piano classes, girls' duet and adult choral societies. Besides these items that are for adjudication, it is hoped that some of the highlights of the day's events can be presented again. A small charge is being made for the evening concerts but the sessions during the day are open to the public.

### LARGE ENTRY HERE

It was estimated that upwards of 1200 children participated in the annual festival when it was held in the Philip Sheffield auditorium in Abbotsford during two days last year. All but two or three of the M-S-A schools had entries and Mission, Chilliwack, Richmond and Coquitlam were also represented.

## Suggests B. C. Folders Be Sent To U.S. Friends

**DEPUTY MINISTER MAKES PLEA FOR CO-OPERATION TO OFFSET PROPAGANDA**

The good work being carried on by the Scenic Loop Association in interesting American and Coast tourists in the scenic and other attractions of the Fraser Valley was referred to by several speakers at a meeting held in New Westminster on Monday evening to inaugurate this season's drive for tourists.

E. P. Rowebottom, deputy minister of trade and commerce, was the chief speaker. He stated that reports from California and other points indicate that British Columbia will receive a record number of tourists from across the line this summer. Americans love to travel, they have the money to indulge themselves this year and European resorts are closed to them.

There is danger of subversive propaganda injuring B.C. again this year and Mr. Rowebottom urged everyone who had friends across the line to mail B.C. folders. (Continued on Page 4)

## Abbotsford Choir Competes With 11 At Coast Festival

Pupils from Grade 6 in Abbotsford School had an exciting time on Friday, May 2. They went to the Musical Festival in Vancouver to sing in the class for Grade choirs. There were eleven choirs singing the three test pieces, "I Vow to Thee, My Country," "The Shepherd," and "Big Steamers." Although the Abbotsford choir was not one of the three chosen by the adjudicator, Dr. Frederick Staton, to sing in the finals, the children felt that they had done well to be able to sing up to the standard of city schools. Their singing compared favorably with the rest of the choirs. Perhaps the reason they sang slightly flat in their first number was because one of the cars had a flat tire on the way to Vancouver. They are going to give the people of the M-S-A Area a chance to hear them sing their test pieces when Abbotsford School puts on its concert in the near future.

## SUNDAY SCHOOL TO GIVE SERVICE

Mothers' Day services at Trinity United Church on Sunday, May 11, will be in charge of the Sunday School. The Sunday School will meet with the congregation at 11 a.m. and will give a service of songs and recitations in honor of their mothers.

## SUMAS COUNCIL SETS TAX LEVY AT 1940 LEVEL

Taxes in Sumas municipality will not be increased this year the council decided at its monthly meeting held at Whatcom Road on Friday night. Levy for 1941 was set on the same basis as in effect in recent years. The general rate will be 13 mills on the assessed land values and on 50 per cent of assessed value of improvements while the school rate will be 12 mills on land values and on 50 per cent of the value of improvements.

## SOFTBALL LEAGUE WILL START HERE ON TUESDAY

May 13 will start bats swinging in the Fraser Valley Pro Rec Softball League. Schedule for the first three weeks is:

May 13—Mission vs. Langley, Lochiel vs. Ridgedale, Clayburn vs. Poplar, Otter vs. Abbotsford, Cloverdale vs. May 20—Cloverdale vs. Lochiel, Poplar vs. Mission, Ridgedale vs. Otter, Abbotsford vs. Clayburn, Langley vs. May 27—Langley vs. Poplar, Otter vs. Cloverdale, Mission vs. Abbotsford, Clayburn vs. Ridgedale, Langley vs. May 27.

First team mentioned is home team. All above teams are boys teams; girls play on Thursdays starting May 15, but in the above schedule Matsqui will take the place of Lochiel.

## BOY CYCLIST HIT BY CAR ESCAPES SERIOUS INJURY

A severe shaking and a narrow escape from injury was experienced by 12-year-old Robert Low, Patterson road, Aberdeen, on Monday afternoon when he was struck by a car on No. 1 highway near the Aberdeen cemetery. According to police reports, the boy cycled out of a gravel pit near the roadside into the path of a car driven by T. H. Berry of Chilliwack. One pedal of the boy's bike was missing, police state, so he had little chance of braking. Berry left his car at the scene and brought the boy to Dr. H. E. Cannon's office in Abbotsford in the car of a passing motorist, Elmer Tryon of Vancouver. When it was found that Robert apparently had sustained only shock and bruises, he was taken home by Const. Fred Saunders.

## THREE MATSQUI BOYS JOIN RCAF

Three Matsqui youths who volunteered for the R.C.A.F. were quickly accepted last week, being on their way East by Saturday. They are Gordon Adams, son of Mr. and Mrs. R. S. Adams of Ridgedale and a member until Thursday of Abbotsford branch of the Royal Bank; Stuart Bryce, son of Mr. and Mrs. T. A. Bryce of Gifford, and Melvin Petch, son of Mr. and Mrs. Jos. Petch, Ridgedale.

## Last Rites Held For Elmer Austin Pioneer Resident

The death occurred in Bellingham, Wn., on April 29, of Mr. Elmer E. Austin, Sr., of 4315 DeLair road, Abbotsford. He was born in the state of Maine 73 years ago, coming to Canada in 1900. He had resided in British Columbia for 38 years.

Surviving are two sons, Sam Austin of 1208 Campbell road, and Elmer Austin, 4317 DeLair road, one daughter, Mrs. SoRelle of Bellingham, and ten grandchildren. Mrs. Austin predeceased him in 1940.

The funeral services were held from the Hendeson Funeral Home in Abbotsford on Saturday at 2 p.m. under the auspices of the Masonic Lodges of Sumas and Abbotsford with Rev. A. C. Cameron of Trinity United Church, Abbotsford, officiating. Interment took place in the Musselwhite cemetery. Pallbearers were Alex. Donaldson, Bruce Skillen and C. G. Walker of Abbotsford, E. P. Bergand and A. S. Reed of Sumas.

### Congratulations to Matsqui Dairymen

Apparently Matsqui dairy farmers are of the same "Missouri" type referred to in an editorial recently quoted in this column which said: "You can fool all the farmers some of the time, and some of the farmers all the time, but . . . ." At any rate we are pleased to emphasize that Supervisor Lawrence Falk has now a full quota of herds on test in the Matsqui Cow-Testing Association. It is evident that, in wartime at least, that Matsqui farmers do not propose to board any cows, they intend rather that their cows shall keep them.

And this brings to mind the fact that some months ago an attempt was made to organize a second C.T.A. in Sumas district. There were not quite enough herds volunteered to warrant a second supervisor but perhaps, the Provincial Department of Agriculture still being willing to grant the customary generous financial assistance, there are enough interested herd owners in both Matsqui and Sumas to warrant an additional route between them? With feed prices what they are, freight rates threatening to make them higher and the farm help situation becoming something to worry about, perhaps there are a couple of dozen more dairy farmers interested in discovering the "boarders" in their herds and investing the money these expensive pasture ornaments consume in War Savings Certificates or something.

### A Cheap Price to Pay

Mr. Ilsey is heavy-handed. The imposts he announced at the budget session will dig deep into our pockets. But even these taxes, The Kamloops Sentinel points out, are a cheap price to pay for personal freedom and dignity. A tiny price when compared, as it cannot properly be, with the price being paid—and cheerfully—by our cousins across the ocean night after bomb-filled night.

### The Functions of the Press

This is one of a series of editorials specially designed to acquaint our readers with the various functions of the Press in a democratic community. Following is No. 3.

### The Press and the Government

Misconceptions relating to the right of the press to criticize, commend or suggest to government bodies, civic, provincial or federal, is often assailed. For that reason it is essential that the position of the press in its relationship to governmental bodies should be examined.

Many well-meaning people conscientiously believe that the press should express no conviction upon civic, provincial or federal affairs. They assume that to offer criticism is to become partisan. They confuse the meaning of the words "independent" and "neutral." There is a very real and vital difference between the two. To be independent is to reserve the inalienable right of every citizen to approve or disapprove of any public matter without thought of servitude to any particular party or group. To be neutral is to avoid reference to any contentious matter. To sum up the two it would be fair to say that independence was that same privilege of the individual to decide for himself, for which party he shall vote, or which church he shall attend without pressure from party executives or religious dignitaries. To be neutral is to admit that one is not prepared to come to a decision or make a stand in any matter, and therefore to leave it alone.

Members of civic bodies sometimes point out that newspapers have such a tremendous influence in the community, and that their circulation is so widespread that they have an advantage over those with whom they disagree. This is true only in so far as the individual refuses to take advantage of the privileged granted by almost every newspaper of using the columns of the press, to express his or her views. There is however, a much more important angle to this question. Newspapermen are equipped to give more adequate study to municipal affairs than most individuals. At their fingertips they have information which is not so readily available to every citizen. Their representatives attend meetings of civic bodies, and therefore have the opportunity of getting a better understanding of municipal affairs than the average voter. Of even greater importance is the almost universal attitude of the public to expect advice and leadership from the press. The newspaper is often the only medium through which citizens may keep in touch and abreast of the affairs of the community. They expect, and have the right to expect, that their newspaper will keep them advised of what is going on, and will also, through the information at its disposal, endeavour to interpret the news. The newspaper which fails to do this, in failing in what often amounts to its supreme task in the community.

Another assumption of some men and women in public office is that any criticism offered in a newspaper is personal, rather than objective. That is not true. Newspapers have been known to conduct violently personal campaigns, but it is the exception rather than the rule, and if any criticism violates the laws of defamatory libel, the individual always has recourse to the courts.

The newspaper which comments on public affairs, far from being presumptuous, is but fulfilling one of the most important and vital function of the press. If it is genuine in its desire to be of service to the community, it will open its columns to signed letters from those who disagree with its editorial opinions, but all too often those who have this privilege fail to avail themselves of the opportunity, preferring to carry on a street corner or platform feud against the newspaper. B. Intelligent comment on public affairs the newspaper prevents the rise of unscrupulous men who seek office for private gain, and it often brings to light factors in a situation that have been entirely overlooked by the civic administrators and the public. In this service alone newspapers have saved their communities from colossal financial loss and from racketeers who would use public office to enrich themselves.

### Beaver Club Rebuilt After Bombing

Recreation headquarters for Canadian troops on leave in London, this is how the Beaver club looked after a German bomb brought

bricks and masonry tumbling down. Several dozen soldiers had taken refuge in the basement during the raid. No one was injured. Officials immediately began rebuilding, and

the club opened again shortly afterward. Cables from London on April 15 told of another direct hit on an unnamed service club in the heavy raid last night.

### People of Canada and United States Given Wrong Impression of War, Says Abbotsford Youth in England

JACK ANDREWS TELLS OF VISITING LONDON AND CAMBRIDGE AREA

"I believe the people in Canada and the U.S.A. are given a wrong impression of this war," writes Jack Andrews of Abbotsford, who is in England with the Royal Canadian Air Force. Jack, son of Mr. and Mrs. H. S. Andrews, expresses this opinion in a recent letter to his folks. "The pictures you see are taken shortly after a bombing raid and naturally it looks bad then, but inside of three or four days it is entirely cleaned away and looks just like a vacant lot. Norman (a chum) and I both had to have the damage pointed out to us—what had stood there and what caused the damage. London is as clear of wreckage and ruin as our own town. I grant you that buildings are being blown up and people killed and wounded, but it isn't allowed to prey on the mind of the people at all since the rubble is not left around long enough to depress them."

In another part of his letter, Jack says, "While in London Norman and I went to the Beaver Club, where all the Canadian troops go to relax. (The Beaver Club is shown on this page following a recent air raid.) In the reading room I found a Vancouver Daily Province dated January 15th. After dinner we went through Westminster Abbey and saw where the King and Queen were crowned, also the burial places of many famous people."

"We had our picture taken in Trafalgar Square feeding the pigeons. Went up to Oxford Street, London's shopping centre, but was disappointed. Vancouver is much better but of course it is war time. Later three of us went to the Regal Theatre. There was an organ interlude—this requires a paragraph all of its own."

"The lights were dimmed and we heard lovely organ music, then ascending out of the orchestra pit we saw the outline of the organ. It had wonderful coloring all over it and a colored spotlight on the organist. As the organist, a sergeant in khaki, played we sang to words flashed on the screen. This went on about twenty min-

#### PROUD OF ABBOTSFORD

"When the parcels from the Girls' Comforts Club and the Canadian Legion arrived, I felt real proud of our little town to receive parcels from such organizations, as none of the other boys had received any like them."

#### HOSPITABLE PEOPLE

"One day in February when I was in Cambridge I met another wireless operator. He is from Vancouver and knows Abbotsford quite well. In fact he went to school there and knows Mr. Topper and several other men around town. His name is Beck."

"We have found the English people very hospitable—seemingly they can't do enough for us. They appreciate having the Canadians over here to help them win the war."

### A Mother's Plea

Have you forgotten,  
One who still loves you;  
Have you forgotten, thy Mother's fond smile,  
Days that she toiled for you;  
Years sacrificed to you,  
Can she be less to you, as years go by.

Could you, but know the ache,  
Within her heart you make;  
Could you but gaze into her soul and see,  
All the fond tho'ts, so true;  
Asking God's love for you,  
Softly at eventide, she prays for thee.

Sweet, are the songs she sings,  
As to the cross she clings;  
Clasping the feet of Him, who bore our shame,  
Blest be the tie that binds;  
With Heavenly love entwined,  
All that she asks of thee, give Christ thy name.

—J. B. WHITSON, Matsqui

### ABBOTSFORD

Arboreal homes, gardens fair and trim,  
By gentle rain and golden sunshine bathed;  
Beauty of snowclad peaks break horizon's rim  
Orchard and meadow, deep with luscious green;  
Towering firs, of dark and shaggy limb,  
Silent sentinels, stately and serene.  
Found here are sturdy folk of many lands,  
Of varied ancient crafts and goodly creeds;  
Richly they blend: with heart and hand and hand,  
Doing their part in serving human needs.

## TIMELY TIPS

by a  
Bradner Gardener

### VEGETABLE GARDEN

Look to your onions! Bed and  
keep the soil stirred up.

Peas should be staked.  
Early potatoes should be kept cultivated.

Pumpkins, Squash and Marrows  
should now be sown.

Corn should be planted now.

Sow more lettuce, Radish, Cress.  
Cauliflower should be sown now  
for main crop.

### FLOWER GARDEN

Carnations should be planted  
now.

Begonias can be planted out in  
a warm place.

Thin out and transplant annuals  
of all varieties.

Window boxes should be finished  
planting now.

Get your summer flowers plant-  
ed: Aster, Stocks, Zinnias, Mari-  
golds.

## MATSQUI C.T.A. SUPERVISOR HAS CAPACITY LIST

Matsqui Cow-Testing Associa-  
tion has now the largest mem-  
bership on record, according to  
Secretary Howard Rottluff and,  
incidentally, Supervisor Lawrence  
Falk has a capacity list. It was  
mentioned in THE NEWS last month  
that there remained only two  
vacancies to complete the Mats-  
qui Association's membership  
and this brought almost im-  
mediate applications to bring the  
total to 25. The recent additions  
are the herds of M. Faulkner,  
4096 Harris road, and L. Vlag,  
745 Sorenson road. Mr. Falk's  
April report is published in an-  
other column, the first six herds  
being in order of merit.

## PREDICTS LARGER FARM REVENUES FOR NEIGHBORS

Larger incomes from dairy herds  
are in prospect for this year while  
egg prices to be received during  
the remainder of 1941 are expected  
to average higher than in 1940,  
says the April farm survey of the  
Washington state extension service.  
Prices being received by farmers  
in British Columbia's neighbor  
state, are in the most favorable  
position that they have held since  
1937, relative to the prices paid by  
the farmers for the commodities  
purchased, the farm survey shows.

## SUTTON RECOVERS

Friends of R. G. Sutton, former  
district agriculturist who is now  
in charge of the Tranquille Farm  
will be glad to learn that he is re-  
ported to be recovering from a re-  
cent serious illness. H. N. Ord  
visited Mr. Sutton on a recent trip  
to his Kamloops hop gardens and  
found the popular agriculturist  
greatly improved.

## Cardinal Villeneuve Visits Toronto

His eminence Jean-Marie Rodrigue, Cardinal Villeneuve, only prince  
of the Roman Catholic church in Canada and Archbishop of Quebec,  
came to Toronto, April 17, to address a joint meeting of the Empire and  
Canadian clubs. Archbishop McGuigan, LEFT, greeted him at the sta-  
tion, and they drove to the archbishop's palace where Cardinal Villeneuve  
said mass in Archbishop McGuigan's personal chapel.

## ANDREWS' JERSEYS BRING TOP PRICES AT AUCTION SALE

Top grade Jersey, a 3-year-old  
bred Dec. 3, fetched \$137.50 at the  
J. B. Dennis auction sale on Sat-  
urday. Registered Jerseys brought  
from \$57.50 to \$110 and other  
fresh cows sold from \$35 to \$75.  
The two top cows were from the  
herd of a man well known in the  
Sumas district particularly, J. J.  
Andrews who was formerly super-  
visor of the Sumas C.T.A.

Young stock brought from \$9.50  
to \$36, beef cows \$19 to \$67, bulls  
\$37 to \$68 and calves from \$1.25  
to \$18.50. Other prices were: pou-  
ltry 60c to \$1.15, weaners \$2.75 to  
\$5; feeders \$5.50 to \$7.90; butcher  
\$14.75; sows \$14 to \$25 and horses  
sold at from \$10 to \$51.

## VACATIONING ON RECENTLY ACQUIRED HUNTINGDON FARM

Const. Sidney Pattenden of Chil-  
liwack detachment B.C. Police, and  
Mrs. Pattenden are spending the  
former's three weeks vacation on  
their recently acquired farm, the  
former Courtman property, on the  
Farmer Road, Sumas. They have  
many friends in the M-S-A Area  
as Const. Pattenden was formerly  
chief constable in Abbotsford.  
Mrs. R. S. Pattenden (nee Mary  
Webb) is a daughter-in-law.

## LOANS AVAILABLE FOR FARM WELLS ACROSS THE LINE

Loans to provide spring develop-  
ment, wells cisterns and purifica-  
tion safeguards for farmstead water  
facilities including water for live-  
stock and domestic water and ir-  
rigation of not more than one acre  
of farm garden, have been auth-  
orized for farmers in the Lynden  
district and throughout Whatcom  
County, Washington.

Farmstead water facility loans  
can be made for the life of the  
facility not to exceed twenty years  
with interest at three per cent, it  
was explained. Wherever approved  
engineering plans or technical as-  
sistance is necessary, services of  
the nearest Soil Conservation Ser-  
vice area offices will be available  
to borrowers.

## HOG CARCASS GRADING SHOWS SOME IMPROVEMENT

The completion of the first six  
months of carcass grading on  
March 31, 1941, as the official sys-  
tem of grading hogs in Canada,  
has recorded improvement in qual-  
ity under this system. "A" grade  
percentage has written from 27 in  
October, 1940, to 31.7 per cent, for  
the week ending April 10, 1941. The  
percentage of B1 grade is up from  
43.4 to 44.9.

The quality of the hogs market-  
ed in the fall of 1940 under a re-  
cord volume was somewhat lower  
than the average for the previous  
part of the year but the steady  
increase in the percentage of "A"  
grade since the inception of com-  
plete carcass grading is significant,  
states H. J. Maybee, Assistant Chief,  
Live Stock Inspection and grading  
Service.

This improvement has been  
mainly brought about by a reduc-  
tion in the proportion of under-  
weight hogs. The tendency in some  
districts is now towards overweight  
and overfinish and farmers would  
be well advised to weigh their  
hogs and ship them to market at  
weights not exceeding 210 or 215  
pounds at the farm. The most de-  
sirable carcass weighs 150 pounds  
and this is made from a hog that  
weighs from 190 to 210 pounds.

## FORMER SASKATCHEWAN POULTRY INSPECTOR BUYS PEARLDONVILLE PROPERTY

Mr. and Mrs. H. H. Cook and  
two of their children, Alvin and  
Audrey, formerly of Imperial, Sask.,  
are making their home on the for-  
mer Blaxland property, 3610 Pear-  
donville road, Matsqui, where Mr.  
Cook will continue raising Barred  
Rock poultry. The two children  
are attending Peardonville school  
and another daughter will attend  
Philip Sheffield high school next  
term. An older son recently joined  
the R.C.A.F. Mr. Cook has been  
with the Saskatchewan department  
of agriculture for some 12 years,  
principally on Hatchery Approval  
Work. He raises Barred Rocks  
himself and brought about 200 of  
his birds west with him, many of  
them are certified stock. He is a  
past president of the Saskatchewan  
Poultry Breeders' Ass'n., and has  
had considerable experience in the  
poultry industry. Incidentally he  
viewed about one hundred Fraser  
Valley properties before deciding  
on the Peardonville district of the  
M-S-A Area as his future home.

## GROWTH OF HOPS ABOUT TWO WEEKS AHEAD OF AVERAGE

Hops on the Sumas reclaimed  
land are about two weeks ahead  
of last year and satisfaction is ex-  
pressed with growing conditions  
today at both the Canadian Hop  
and Fuggle Hop gardens.

Canadian Hop Growers Ltd. have  
about 50 acres more in production  
this year and report that the new  
plants are coming along fine. These  
hop gardens have been fertilized  
this year more heavily than ever  
before and food results are  
already in evidence. About ninety  
men are employed in the fields at  
present and first training is in  
progress.

With an early season in pros-  
pect pickers are already being en-  
rolled.

### TOURIST INDUSTRY

(Continued from Front Page)

ers and letters of invitation to help offset this.

The tourist industry brought \$23 million to British Columbia last year and is the only one of the Province's basic industries that does not cause a depletion in our natural resources. Jack Neville, president of the New Westminster Junior Board of Trade, was chairman. He was supported by S. L. Smith, president of the Senior Board of Trade; Ralph MacPherson, president of the Associated Boards of Trade and by W. G. Lambert, chairman of the New Westminster Senior Board's tourist promotion committee.

### This Was Good Friday in Coventry

Through drizzling rain came policemen and firemen who had not slept in three days, and citizens who had seen their homes

blasted in a mass German air raid, to gather in the ruins of Coventry cathedral for prayer on Good Friday evening. They improvised an

altar, above it raised a cross of charred wood. "We thank Thee, O God, for our unconquerable souls," was the prayer heard at such service as this.

Herbert Morrison, home secretary for Britain, has spiked the statement circulated recently that shipments of supplies from Canada take up needed shipping space and that Canadians should send only money. In a recent cable to the Canadian Red Cross Headquarters, he stated: "I am glad to remove any misapprehension about the Civil comforts scheme. While Canada's gifts of money are appreciated, no less so is the stream of comforts knitted by devoted hands."

### ENGAGEMENT

## Luxurious Informality On Great Lakes Cruises

One of Canada's most delightful holiday attractions is a Canadian Pacific Great Lakes Steamship cruise, an inland sea voyage from Port McNicoll through Georgian Bay, Lake Huron and Lake Superior to Fort William.

It is an ocean voyage in miniature — the word "miniature" being used in a comparative sense only, because the trip is 542 miles one way, the ship is completely out of sight of land at times and shipboard life and all entertainment are patterned on ocean-cruise style.

Canadians and Americans in increasing numbers have found joy in Great Lakes cruises in recent years, spending their entire vacations on cruises or using the lake route as a link in a longer

trip. Sailing and arrival times of the ships are planned to coincide with train times on the Canadian Pacific's transcontinental line. Or, reduced rates for carrying automobiles make the lake cruise a delightful interlude in a long motor tour.

The regular passenger ships, the Keewatin and the Assiniboia, fine Clyde-built steamships with a gross tonnage of 3,880 and speed of 15 knots, have been outfitted especially for cruise service. They make 27 westbound and 27 eastbound trips in the summer months, westbound sailings being on Saturdays and Wednesdays from Port McNicoll and eastbound sailings being on Saturdays and Tuesdays from Fort William and Port Arthur. The round trip takes four days and a night. Half the trip, a return cruise between

either terminal and the Soo, affords a pleasant two-day holiday. Special boat trains are operated between Toronto and Port McNicoll.

Another carefree cruise of more than 1,000 miles in five days can be made on the S.S. Manitoba, 2,616-ton steel-constructed ship. The cruise is from Owen Sound to Fort William and return, with calls at several interesting ports. The route is via the North Inside Channel of Manitoulin Island.

All three ships are equipped and staffed to make cruising easy and enjoyable. The cuisine is of a high standard, social entertainment includes dancing, moonlight parties and afternoon teas and ship sports include shuffle-board, deck quoits and other popular pastimes. Informality and luxury are found on every hand.

## \$100 Reward Goes Unclaimed; Red Cross O.K. Says Editorial

"Send us the facts and, if proven, we will gladly pay \$100 for the information which will enable us to print a headline disclosing the fact that the Red Cross has sold, as a commercial organization, material donated to it for distribution to men on service or to others in need," the Canadian Veteran said in an editorial in its September 1940, issue.

"Thoroughly disturbed over a recurrence of rumors which were current during the Great War, and which with the outbreak of the present war have again come into being, we determined to afford every opportunity for a clean-up of the situation by throwing it open to the light of day," the Veteran says. "We are one hundred per cent. behind the Red Cross and its magnificent work in peace and war. In the editorial referred to above we freely admitted that this organization, with its huge ramifications, with the liability to error that is inherent in any man-made man-controlled group, might not be completely perfect, even with all its high ideals.

"But we demanded, if there is any truth in the rumors spread by a vicious campaign, let them be brought into the open. Let us have the facts, not malicious whispers which harm the cause of those who need the help of the Red Cross by drying up the wells of kindly contribution and endeavor. So, in the spirit of 'put up or shut up,' this publication made its offer of '\$100 for a headline'."

To date the reward has not been paid—and the offer is still open.

### Patriotic Motif In Decorations at Post-nuptial Event

A post nuptial miscellaneous shower was held at the home of Miss Agnes McAdam on Thursday afternoon honoring Mrs. Marvin Hart (nee Georgia Parberry) of Bellingham. The bride's chair was prettily decorated in red, white and blue streamers, surmounted by the Union Jack and the American flag. Vases of roses and spring flowers were placed throughout the rooms. Miss Margaret Salmon made a presentation of a trimmed basket piled high with many pretty and useful gifts. Mrs. Lois Barrett and Miss Salmon assisted the guest of honor in opening the parcels. A delicious lunch was served, the servitors being Miss Agnes McAdam, Marion Murray, Mrs. S. Parberry, Mrs. A. Toop and Mrs. A. Sterry.

### Asparagus Offers Tasty Nutrition In Its Short Season

The delicacy of asparagus as it comes to the market fresh, crisp and green typifies spring. Asparagus is often classified as a luxury vegetable, but newer knowledge of nutrition emphasizes the value of green coloured vegetables and therefore it should be used often during the short season. Simply boiled and served with butter asparagus is delicious, but there are many ways in which this vegetable may be used.

**Asparagus Potato Puffs**  
 1 cup asparagus puree  
 2 cups hot mashed potatoes  
 1 egg  
 1 teaspoon salt  
 1/4 cup bread crumbs  
 3 tablespoons butter  
 Mix asparagus, potatoes, salt and well-beaten egg. Drop in spoonfuls on a greased baking sheet. Brush surface with melted butter. Sprinkle lightly with crumbs. Bake at 400° F. until golden brown.

**Chicken and Asparagus Casserole**  
 12 stalks asparagus  
 1 cup cold cooked chicken  
 1 1/2 cups water  
 1/4 cup milk  
 3 tablespoons butter  
 5 tablespoons flour  
 1 cup bread crumbs  
 Cook asparagus 15 minutes in water. Drain and reserve water. Melt butter. Add flour. Cook until frothy. Add asparagus, water and milk. Stir until thickened. In a baking dish spread 1/2 crumbs, then chicken and asparagus. Pour sauce over. Top with bread crumbs. Bake 20 minutes at 325° F.

**Cream of Asparagus Soup**  
 2 cups milk  
 1 cup asparagus water  
 1/2 cup asparagus  
 2 tablespoons butter  
 2 tablespoons flour  
 Salt and pepper  
 Press asparagus through coarse sieve. Melt butter. Add flour. Cook until frothy. Add liquid. Stir until smooth. Add asparagus puree. Season and serve a once.

To can asparagus at home use only freshly cut stalks. Cut off any wooden portion. Scrub thoroughly with a brush to remove sand and scales. Tie in bunches of size that will conveniently slip into a pint jar. Stand the bunches upright, in a saucepan with about two inches of water. Cook closely covered for four minutes. Pack in jars, allow one-half teaspoon of salt to each pint jar and fill with boiling water. Use the water in which asparagus was cooked, adding sufficient freshly boiled water to fill all jars to overflowing.

Put on rubbers and tops and partially seal. If screw top jars are used, seal completely, then loosen one-half turn. If spring top jars are used press down one clamp. Place jars in sterilizer. If Pressure canner is used follow directions for the type and allow forty minutes at fifteen pounds pressure. If water bath canner is used allow water to cover jars at least two inches and sterilize two hours. Be sure that water is kept boiling. When jars are removed from the sterilizer seal at once. Cool, wipe dry and store in a cool, dry, dark place.

### NURSING SISTER

#### READY FOR MORE

Nursing Sister Sheila Maureen Dwyer is back in Canada wearing the air force gray uniform of the American hospital in Britain, with which she has served the last three months in England. She will visit her home in Toronto before going back to her hospital in New York. She hopes they will give her leave to go back and "do what I can for those courageous people."

#### RED CROSS DOES NOT SELL SOCKS

Once again the Red Cross has investigated and proven false the story that Red Cross sells supplies. It was circulated in a B.C. community that one of the boys Overseas wrote home to his mother, "not to knit any more socks for the Red Cross as the men were charged \$1.25 per pair for them". It took eleven letters and more than a year's time to run this false story to earth. Here is the letter from the soldier boy himself disproving the statement: "The letter written to my mother last spring has been sadly misrepresented. In it, I endeavoured to convey the fact that if I lost a pair of socks, the next pair of is-

### O.E.S. CELEBRATE 22nd BIRTHDAY

A very enjoyable evening was spent in the Orange Hall on Thursday, May 1, when members of Electa Chapter, No. 20, O.E.S., celebrated the 22nd birthday. Mrs. Pearl Dusterhoeft of Chilliwack was the guest speaker. Other Chapters visiting on this occasion were Langley, Mission and Chilliwack. Mrs. C. Walker and Mrs. H. E. Beeststone were soloists with Mrs. H. S. Andrews as accompanist. Two large birthday cakes graced the supper table and vases of lily of the valley and red roses added a floral touch. Miss Vera Hunt had the honor of cutting the cakes and wishing the Chapter continued success.

sue socks would be charged to me. This issue doesn't include Red Cross socks. In the letter I asked my mother to send socks direct to me as I was sure of getting them.

"I also sent her prices of articles here so that she could make comparisons with them at home. I trust that this misunderstanding will be cleared up by this letter."

Major C. A. Scott, overseas commissioner states: "In every instance of statements made by members of the C.A.S.F. that it was necessary to pay for Red Cross supplies, I have found that there has been a misunderstanding by the man making the accusation. When the Quartermaster of a unit issues Red Cross supplies, the receiver signs a receipt, which gives rise to the impression that the cost of these supplies comes out of his pay-later.

#### STUPENDOUS RESULTS

Accomplishment of volunteer women workers of Red Cross branches and auxiliaries have been "stupendous", Mrs. Wallace Campbell, national chairman of the Women's War Work reported at the recent meeting of the Central Council in Toronto. In 1940 the total number of Red Cross supplies of every type made was 7,104,344. Of these 6,119,201 were shipped overseas and 985,143 were distributed in Canada and Newfoundland.

You never have failed them—you will not fail them now. Show your love, your gratitude in a personal way. Help to carry on the vital work of the Canadian Auxiliary War Services Organizations.

### Poplar W.I. Observes 18th Anniversary

#### RED CROSS WORK BIGGEST PART OF W.I. ACTIVITIES

Poplar Women's Institute celebrated its 18th anniversary at the home of Mrs. J. Wilson on Thursday, May 1. The occasion was also the birthday of the hostess, Mrs. Wilson, and of one of the Charter members, Mrs. J. Aitken. Both ladies were presented with many floral gifts.

Red Cross activities occupied most of the business session. A "Red Cross Tea" will be held at the home of Mrs. W. S. Hill-Tout on May 30, when a quilt made by the Highway Unit will be raffled. A picture show will be held in Poplar School on May 12, at 8 p.m.

#### MEET IN AUGUST

It was decided that the Institute would not meet again until August as the harvesting of the berries will occupy the time. It was also decided that no Red Cross Teas will be held during June and July but that each member should collect for the Red Cross. Mrs. T. D. Smith and Mrs. J. Aitken were appointed to take charge of the collection.

#### COMPLETED WORK

Mrs. Butcher reported that the following articles were handed in during the month of April: 10 doz. handkerchiefs, 1 nightgown, 4 doz. pillowslips, 7 girls robes, 6 hospital gowns, 4 boys shirts, 2 pair pyjamas, 2 doz. hospital towels.

#### STROUDS TO SING

Mr. and Mrs. Victor Stroud, International Gospel Singers, will be at the Pine Grove Hall, Mt. Lehman road, north on Thursday night, May 8 at 8 o'clock. Owing to unforeseen circumstances the Strouds will be in Abbotsford on Monday, May 26, instead of Sunday, May 11, as announced.

#### ENGAGEMENT

Mrs. T. Jackson announces the engagement of her daughter Mary Eve Thorne, to Mr. Willard M. Urquhart of Vancouver, the wedding to take place at St. Matthews' Church, Abbotsford, in mid-May.
